Structural steel specialist T T J lifts order book to S\$166 million

SINGAPORE – 22 May 2017 – T T J Holdings Limited (“T T J” or together with its subsidiaries, the “Group”) announced today that it has secured several new contracts, bringing the Group’s order book to S\$166 million as at 22 May 2017.

Signalling the confidence that its clients continue to hold in T T J, the Group secured a second contract for the supply, fabrication and installation of structural steelworks for the Methionine Plant in Jurong Island for the same client. At the same time, the Group was also awarded the contract to supply, fabricate and install structural steelworks for the East Coast Integrated Depot, set to be the world’s first four-in-one depot for rail and bus, and another contract for the Mandai Depot.

T T J’s Chairman and Managing Director, Mr Teo Hock Chwee (张福水) said, “We are proud to have won these projects which we view as a strong validation of T T J’s track record and reputation for quality work. Given the increasingly competitive market we face, securing these contracts is an encouraging achievement for us. We hope this will translate into better returns for our shareholders. As public infrastructure construction demand remains well-supported, we will continue to pursue more opportunities out there to boost our order book.”
